

PARENT NIGHT!!

Parent/Guardians,

On October 10, at 6:00, you are invited to the school's parent night event. During parent night, the students and I will talk to you about all we do in the class and what all we've done so far. I will have hung posters, art work, experiments, etc., around my classroom so you can see all the wonderful work that your child and all the other children have done. This is only an hour long so come out and experience this time with us. I would love to get to chat with you!
