# Consequences and Plagiarism

## **Plagiarism:**

- Plagiarism will not be tolerated. The first time will be a warning. The second time will be a 0% on the assignment and a meeting with the principal.
- Plagiarism can be more than just copying and pasting something from the internet. Anything that is not your words or something you have written does not belong to you and you can not use it without citing them and giving the author or that person credit.

## **Consequences:**

I will have a stop light poster in my classroom and each kid will have a clothes pin with their name on it. Everyday they will start at the green light and depending on how many times they get in trouble depends on when their clothes pin will be moved.

**1<sup>st</sup> warning:** this is just a verbal warning. You will stay on green light.

**2<sup>nd</sup> warning:** Your clothes pin will move to the yellow light and recess will be taken away.

**3<sup>rd</sup> warning:** Clothes pin will be moved to red and there will be a note sent home to the parent/ guardian

**4<sup>th</sup> warning:** Clothes pin stays on red and there will be a phone call home to the parent/guardian.

**5<sup>th</sup> warning:** office visit and phone call to parent/guardian
