

Who Were the Presidents?

Subject: Social Studies

Grade: Fourth

Tools: Padlet and Google Docs

Synopsis: Students are going to choose one president, write a short summary of what he did and who he was, and then create a Padlet to share with the class that will have information and links such as pictures, websites, and short facts. Students can research the presidents on their computers, iPads, or by using books in the classroom. The Google Doc should include at least 10 facts about their president, the name, age, term date, and birth date. The Padlet can be created on the iPad app and should also include this information plus links to beneficial websites and pictures.
