Encyclopedia Britannica

Version: 2.0

Publisher: Encyclopedia Britannica, Inc.

Target Audience: The app says ages 4 and up, but it would be a better fit for older students. Probably around fourth grade and up.

Curriculum: This app is good for social studies and history classes. Students can look up articles and take quizzes on topics.

Cost: The app is free to download and use with ads. You can create a yearly subscription for $14.99.

Description of Software: This is a virtual encyclopedia used to research articles and topics from all over the world. Users can also take quizzes to test their knowledge. You can also look at photographs, charts, diagrams and much more on topics.

Impressions of Software: There is a lot of information on this app, so it can be a little bit overwhelming. It is very easy to navigate and learn. The information is targeted for older audiences rather than younger elementary students. It is very factual and detailed app.
