

## CLIPS Synopsis

The book that is made by the 1<sup>st</sup> graders will be used as one of their standards for 1<sup>st</sup> grade in English language arts. This standard is Arkansas State Standard W.1.3. This standard states that students must write narratives in which they recount two or more appropriately sequenced events, include some details regarding what happened, use temporal words to signal event order, and provide some sense of closure. In other words, students are going to create a book that has a beginning, middle, and an end. Students will write sentences on each page of their book and draw pictures to accompany those words. This will help reinforce creativity in the classroom as well as help them with their writing. After all of the students have made their books, I will allow them to swap with one another and read them. They will learn a lot from their classmates by doing this. This allows students to have more social interaction.
