Plagiarism:

- Plagiarism is PROHIBITED. There will be a warning if the student is caught for the first time. After that, the child will receive a 0% on the assignment. If there is a third time the child has plagiarized, they will be sent to the principal's office along with a 0% on the assignment.

- Plagiarism is when the student copied someone else's work from the internet or any other source. If it is not in the student's own words or is not cited and giving the author credit, then it is Plagiarism.

Consequences:

There is a chart in my classroom with each student's name on a pocket. Each child has a Green, Yellow, and Red card in the pocket. I only do three warnings in my classroom from a verbal warning to the child being sent to the principal's office. Every day is a brand-new day, so each child will start on Green, therefore it is the child's responsibility to understand the rules and consequences that come with them.

***If the child destroys any school property inside or outside, they will automatically be changed to red.**

| 1st Warning | 2nd Warning | 3rd Warning |
