

# Class Newsletter

April 1-7, 2019

Hello all! I hope you enjoyed your spring break to refresh for our last nine weeks in the 2<sup>nd</sup> grade! As we start our last semester, the days are getting longer and the temperatures are getting warmer, and we have a lot of events to prepare before the year comes to the school end. A few things we have coming up are spring pictures, spring field trip, and Red Ribbon Week you can view the details here as well as on my class website. Along with the events I hope the students continue to learn, here are the lessons of the week, which are also on the class website.

## Save the Date

### Spring Pictures

April 9, 2019

Make-up day April 11, 2019

### Spring Fieldtrip

April 12, 2019

Please be sure to turn in  
Required forms (You can find a copy on the  
parent page of our website)

### Red Ribbon Week

April 15-19, 2019

### Yearbook Preorders

Due by May 4, 2019

## Math

### Let's Fly! Competition

Our class has been studying animals that can fly,  
now we will be doing our own flying!

We are having a friendly  
competition to see who's paper  
airplane can fly the farthest using our  
measuring tools, and another for which plane is  
the best decorated! Your student is welcome to  
bring his or her own decorations and  
instruction, however, some will be provided.

### This week's Spelling list

Above	Feet
Air	Inch
Below	White
Cloud	Where
Under	High

## Science

Who is above me?

This week we will be studying where, why, and  
how fast animals can fly. Ask your student, what  
their favorite flyer is.

Spring has sprung, flowers are blooming,  
and pollen is flying! With that said our  
tissue and sanitizing station is going to  
need some restocking, any donations will  
be greatly appreciated.

Book of the Week:

### Who Was Amelia Earhart?

By Kate Boehm Jerome, find  
it on Amazon.com \$5.99
