4.) Synopsis of what I'm doing and how I am using the tools. How are the students doing it? Individually, whole class, group of 3 etc.:

Within the lesson, I will be using Padlet and the Internet

The students will be split into groups of 4-5 by me. The students will then use the internet to do research of Arkansas in the 1900's and now. For example, maps, photographs, news stories, artifacts, or interviews (e.g. transportation, communication, recreation, jobs, housing)

Within the same groups, they will use Padlet to create a storyboard of the things they find. I will show an example Padlet Board before they begin. The whole class will be accessed on the same board also.

They will post supporting documents to Padlet to support their findings.
