

Grade Level: 2nd

Curriculum Topic: English, reading, sequence

Tools: Sphero Bolt and the book *If you Give a Mouse an iPhone* by Ann Droyd

Synopsis: We will read the book aloud then we will use the Sphero Bolt to drive through the classroom to each sequence of events. There will be stations set up around the class with pictures of the events that happen in the book. The students will have to recall the order of events and drive Bolt to them in the correct order. This will be done in groups of three, each taking turns driving bolt but all collaborating together to recall the order of the events.
