

Grade Level: 2nd Grade

Curriculum Topic: Writing

Tools: Digital Camera, [Storyboard Creator](#) | [Comic Strip Maker](#) | [Storyboard Maker \(storyboardthat.com\)](#)

Synopsis: Students will use digital cameras on our field trip to the zoo. We will divide the class into groups of four. Each group will have their own digital camera to use and take pictures of the activities they partake in and the animals they see. The students will then create a storyboard comic strip with the pictures they have taken. They will have to use facts about the animals that they have learned or detailed explanations of the activities they have done. They will write this in a short open response form.
