

Grade Level: 2nd

Curriculum Topic: Science Vocabulary: Habitats and English spelling words with definitions/pictures

Tools: Specdrums and [What is a Habitat? | Science Video For Kids | Grades K-2 \(generationgenius.com\)](#)

Synopsis: The students will have a numbered list of vocabulary words. The definitions will be color coded. The students will match the vocabulary words with the correct definition. This will give them an order of color patterns that they will have to play on the specdrum. If they have correctly matched all of the definitions then it will play the song Row, Row, Row Your Boat. Students will be able to use The Habitat link as a resource for science definitions.
