

Title: Class Planner for Teachers
Version: 2.16.0
Publisher/Producer: Glen Botha
Target Audience: Teachers
Types of Software: Organization/Planner

Curriculum(s): An organization app or planner app like Class Planner for Teachers can be used for any of the curriculum in the class. Classes can be scheduled, links for Zoom meetings can be added, Standards can be selected, calendars can be made, homework, lesson notes, and web links can be added. In addition to all of this content that can be uploaded to the app, this app can also turn everything into a PDF with the click of a button.

Free Version: App is free unless you need to upload more than 20 classes, then you must subscribe. Subscription fee is \$1.99 a month.

Description: This app is perfect for planning out your classes, lesson plans, Zoom meetings, calendars and more! This is the perfect app for a busy teacher who needs help with organization. This app can be a little intimidating at first, but once you play on it for a few hours you will understand the app and all of its features. This app will help teachers in the long run to plan out their standards and lessons.

Impression: This is a very impressive app for teacher planning. It has tons of features especially considering the low monthly cost

Disagreements: None
