

**Mini Lesson Idea 1:** Adding

**Grade Level:** 2 Curriculum: Math

**Tools:** iPad, Osmo Numbers game

**Technology 1:** Osmo Numbers

**Technology 2:** Cool Math Match

**Teaching Method:** Individual and partner

**Synopsis:** We will have a mini lesson on how to add within 40. I will give examples on the board to promote understanding. After reviewing, I will allow the students to use Cool Math to further their learning. After the students finish their time on cool math they will be allowed to get with a partner and play Osmo Numbers together.
