

# Alphabet

Subject: English

Grade: Kindergarten

Tools: Padlet and Google Doc

Synopsis: Students are going to be in small groups of 4 and each group will have an iPad that is on the tool Padlet. The 4 groups to race to put the alphabet on the board. Each group can only put on letter each time they submit a new comment on the Padlet. After all the letters are up there each group will be shared a Google doc with many different pictures on it. The teacher will then put a letter on the Padlet and the two groups will then race to find the correct picture and post it on the Padlet before the other group does. This is a fun way for students to learn the alphabet and look for different pictures that start with the first letter.
