

Splash Math

Version 5.6.9

Studypad, Inc

Target

Audience: The publisher says that this app is for ages 4+ and Ages 6-8.

Curriculum: This app helps users learn mathematical skills through math problems in a game form.

Cost: It is free to download, but there is a \$59.99 fee after the free trial.

Description: “We make math fun and engaging. Over 20 Million kids use the Splash Math program to boost confidence, increase scores and get ahead in math.” (In a game form.) It uses math concepts on a self-paced track.

First Impressions: We loved this app. It is a fun way to engage students into learning their mathematical skills through a game form. The only problem with it though, and the reason it won't be used in my future classroom is because the annual fee is too expensive.
