Audience: The age group recommendation for this app is ages 4 and up, and the publisher says that the app is good for family sharing. We agree.

Curriculum: This app can be used to create maps and projects over school lessons.

Cost: Free, and there are no in app purchases.

Description: This app is an app that is used for mapping. You can create and share unique apps. It is very easy to use and does not cost anything. The app does not make sounds, and it looks pretty plain and simple.

First Impressions: At first, this app did not catch my eye as well as an app similar to it, Inspiration. After digging deeper, the app became more interesting and fun! We would use this app into our future classrooms. Because it is so simple, elementary students would have an easy time navigating it.
