

Ms. Michaela's 2nd Grade Class

Dear Parents and Students,

I am so excited to have you in my class this year! I want to make this a fun and safe school year for all! Here are a few things I would like for you both to go over and sign in the appropriate places! Thank you! 😊

Ms. Michaela Moore

Classroom Rules!

- Be respectful of others and their things!
- **NO BULLYING!**
- Stay seating unless ask or being asked to get up.
- Be ready for class each and every day.
- Obey rules other wise stated inside the Handbook.

Technology Rules!

- Each Student will get 35 to 45 minutes of time on different technology each day!
- Each student will have their own iPad to use as appointed by the school.
- Please do not allow your child to bring any other electronic device to school, unless other wise stated in a note.
- There are plenty of educational things on the iPads the students may use during their free time. **NOTHING ELSE!**
- No food or drinks will be allowed out around any of the technology in use

Internet Rules!

- Cyberbullying will **NOT** be tolerated.
- A student may not go to any inappropriate websites. (This could result in loss of privileges for the rest of the year).
- Student may only go to the internet when we are doing certain projects or special permission by me.
- Each student will only use the internet for what their assignment.
- Do not share your password with any other students. It is for you and you only.

Plagiarism will not be accepted in my classroom. Each student will do their own work or they can expect to get a 0 for that assignment. This includes but is not limited to, copying off a neighbor, copying something off the internet, and having a parent do it for them.

Under copyright and Fair use laws every student must give credit to their sources. Each thing they take off the internet much has a source. We will do projects where they get to use the internet for HELP, but they should make it their own. Fair use is the proper way to take something off the internet and use it as their own. Please be aware of this when helping your student.

I will use a three level Consequence chart. Each student will have a card to start out the day. This card will be **GREEN**, next is **ORANGE**, and last is **RED**.

- **Green-** They have had a good day and I have not had to get on to them for disobeying the rules
- **Orange-** This means they have had some behavioral problems and they have lost some type of privilege and we had to have a talk during their resses time, and a note sent home
- **Red-** This means they have disobeyed many rules or the same one multiple times in one day. This will result in a trip to the principle, a note sent home, and/or a parent teacher meeting set up if received this card multiple days in a row.
 - Punishment does not have to follow this order, action of student will fit punishment.
