

NAME THAT HABITAT

Created by: Ms. Maggie Schreit

WHICH ANIMAL DO YOU THINK LIVES IN THE GRASSLANDS?

A lion

A polar bear

LION

The grasslands are the perfect temperature for lions.

Lions love to sleep for many hours.

They also love to hunt.

WHAT HABITAT DOES A PENGUIN LIVE IN?

The Ice Lands

The Mountains

ICE LANDS

The ice lands are where the penguins live.

Although they cannot fly, they love to swim.

Penguins come in groups.

WHAT'S THE DIFFERENCE BETWEEN A TURTLE AND A SEA TURTLE?

Sea Turtles live in the ocean and Turtles live on land.

Sea Turtles cannot go back into their shells, whereas regular turtles can.

The turtles we usually see are very small.

Sea Turtles grow to be very, very large.
