 - Dozen \$6.00
 - 25-\$10.00

Are you interested in signing up for our Quiz Bowl team? Signups will be posted outside of Mr. Carrols' classroom. Quizbowl is an excellent opportunity for students to practice what they have learned in their classes and use them in a friendly competition. Our school has won the past two

state championships. Join our winning tradition!

Our Boys Basketball team finished its perfect season last night by capturing the district title by defeating Nettleton 54-40 on March 1. This is our first district title in over ten years! Randy Wallace led the way with 15 points and 7 rebounds, and 2 assists. Dennis and Gary Clark both added 13 points as well. Coach Turner said, "I am proud of this team and what they've accomplished; I can't wait to see what some of these boys do next." Coach Turner is in his first year at MacArthur and has a bright future at this school.

Our 8th grade Arkansas History class recently visited the Arkansas State Capital. During their visit, they got to meet with Governor Asa Hutchinson and some local representatives. Our courses have been learning about how the state government works and functions. On the trip, they were able to see some of those functions happen. "It is always a fun trip!" Miss Lincoln, our 8th-grade Social studies teacher, stated. "It gets our students interested in the content."
