

Numbers Mini Game Lesson

- 1.) Grade Level: 1st Grade
- 2.) Curriculum Topic: Math
- 3.) Tools: Osmo Pizza Counting Game on iPad, along with the fake money
- 4.) Synopsis: I will have the iPad connected to the overhead board and will let each student come up and “serve” the pizza, as well as give the correct amount of change back. This way, learning how to use money will be fun, and they can all do it as a group so no one feels left out.
