If anything shows up on your screen that you don't know, tell the teacher

Copyright Plagiarism and Fair Use

Copyright laws are legal rights given to an individual stating that his or her work belongs to them. They get to decide who uses, sells or publishes their work. Since we have a classroom, we might hang a poster or picture on the wall and use it as "Fair use." Since it is only a portion of the work and used for educational purposes, we can use it.

Plagiarism, however, means that we take credit for that picture or poster. We cannot take the credit or ownership of something we did not do. This includes drawings, paintings and writing.
