

Dear Parents/Guardians,

Acceptable Use Policies (AUP) are rules our classroom will use while interacting with any technologies within the classroom setting. These rules are set up to promote and provide a safe environment for all the children during school hours. Attached you will find our classroom's AUP. Please go over each of these rules with your child, sign each page and return the AUP to school with your child before the end of the week. After this week, your child will not be allowed to use any technologies until these pages have been signed and returned to me.

I have also attached a template for you to make an "At Home AUP". I am encouraging you fill this out with your child. Make similar rules while he or she is at home can benefit your child at home as well. Have fun with it!!

If you have any questions or concerns, please do not hesitate to contact me.

Thanks!

Ms. Becky
