

Counting Money

1st Grade Math

Standard: AR.Math.Content.1.MD.B.5

Count collections of like coins (pennies, nickels, and dimes)

Technology: Osmo Pizza Game, Whiteboard- Smart exchange

In this lesson Students will discuss the values of pennies, nickels, and dimes. After extensively learning about the values of each coin. The students will separate in to groups. Some students will play with the Osmo game to make pizzas. There they will have to collect money and provide change to the paying customers. The rest of the students will play a game on the whiteboard using the Smart Exchange app which deals with counting money.
