If the App required a response, was it appropriate? (right or wrong)		X	No response
Were there bells and whistles? ● If so, do they enhance instead of detract? ● If not, should there be?		X	A pretty basic mind mapping system.
Did you like using the App?	X		Easy to navigate.
What was the cost? ● Was there a "lite" version o If so, was it enough	X		The free version is limited to 3 mind maps. Everything is still included, just cannot save more than 3 mindmaps.
Were there in-app purchases? ● If so, what were the additional costs?			The full version can be unlocked for .99¢

How does it compare to other apps that do the same?			It reminds me of an easier version of Inspiration. It is user friendly and can be learned easily.
Additional Comments			I wish adding photos to the mindmaps was an option, but the app currently does not support this.
