
Explain Everything

Version: 5.3.6

Publisher: Explain Everything sp. z o.o

Target Audience: The app says ages four and up, however after playing with this app we believe it would be more suitable for older ages.

Curriculum: This app would fit and be appropriate for all curriculum and subject topics.

Cost: The app is free to download and use for 14 days. The user can then upgrade for \$12.99/month or \$107.99/year.

Software description: This app is an interactive whiteboard that allows users to collaborate using voice chat and advanced recording. The user can create a video project from scratch or by using a template. You can also join other's projects by using a code or link.

Impression of software: This software is great! It is easy to use after some practice. The templates were user-friendly and made it easy to create new projects. There are many options, but it isn't too overwhelming. There are endless options and opportunities. One concern we had was the price.

Does it pass? Yes, this app passes the evaluation.
