

Branches of Government

3rd Grade Social Studies

Standards: C.1.3.2

Technology: Inspiration and Google Docs

In this lesson students will research the three branches of government and create an inspiration web to organize the characteristics of each branch. They will then use google docs to write a short essay summarizing all that they learned in their research about the branches of government. This essay will consist of information about each branch, who is in charge, what their roles are, and how citizens can be involved in that branch.
