

### Clips: How To Put your video in slow motion

- I did not use clips
- Steps
  - Turn on my screen recorder
  - Went through the steps slowly
  - Once the all the steps are done, I saved the recording
  - I put it in my drive
  - Started up scree-o-matic
  - Gave the students verbal examples on how they could use slow motion.
  - Did a voice over while the screen recording played
  - After the video I wished them luck on their unit project.
