Describe your impressions on the software: (good and bad aspects)

We enjoyed the app, but we noticed that in the free trial, you only receive 3 padlets. We enjoyed how easy it was to move around the app and get things how we wanted it to look. It would be nice if there was a way for 2 students to work on the same Padlet at the same time, so a Padlet could be used as a group activity.

Does it pass APPS? Yes
